- To use theoretical and practical knowledge to appropriately refer on to consultants /GP colleagues as necessary, based on investigation results and clinical assessment.
- To work as an autonomous practitioner, to be professionally and legally responsible and accountable for all aspects of professional activities.
- Meeting, greeting and dealing with clients

Person Specification

The post holder should be able to demonstrate the following **essential criteria**:

- Degree level qualification in Physiotherapy (BSc/ Pre-reg MSc)
- Registered with the Health and Care Professionals Council (HCPC) and the Chartered Society of Physiotherapy (CSP).
- Keen interest in Musculoskeletal Physiotherapy including the assessment and treatment of all conditions in all age groups (7years olds+) and in all levels of sporting ability
- Further interest in spinal pain and sporting injuries
- An excellent communicator and an ability to use manual therapy to supplement an exercise rehabilitation approach
- Experienced (2 years' experience) in assessing and treating a wide range of musculoskeletal conditions (recent graduates will be considered if motivated and have evidence of relevant experience)
- Evidence of CPD maintenance
- Professional approach when dealing with the public (in particular when dealing with client confidentiality)
- Trustworthy, especially when dealing with financial matters related to the clinic and clients
- Must be friendly and chatty and be able to put clients at ease
- Good communicator and able to work within a team environment
- Pre-qualification for the role is an unqualified result from an enhanced Access NI search

You must be confident, dynamic and a self-starter, ready to join a thriving practice where optimum outcomes achieved with the minimum number of treatments is the benchmark. You must be highly motivated with excellent communication skills and have a strong focus on providing patients with first class treatment and customer service.

To be successful in the role the following are **desirable**:

- Interests in other areas such as women's/men's health, ante/post-natal, Pilates.
- Demonstrate an ability to work independently, show initiative and flexibility, and maintain strict confidentiality.
- Experience in developing new ideas for future services and service development
- Experience promoting similar clinics to the wider community
- Prior knowledge on how to assess gaps in the market where the clinic can offer a new service or promote existing services or products.

This is a rewarding and challenging role where you will be well supported to work with a great deal of autonomy. The Moira Physiotherapy team genuinely care about one another, and everyone does their bit to contribute to our great workplace culture. As a valued team member, you will enjoy participating in team events, team lunches, social events, and much, much more!

If you like the idea of working for a constantly growing business where your ideas and contributions directly impact the business' success, direction and growth please apply.

Moira Physiotherapy is committed to safeguarding and promoting the welfare of children and young people and expect all staff to share this commitment.

Please ensure that you include a CV and a cover letter in your application addressing the requirements of the role.

We are very excited to hear from you!

Closing date for applications is Friday 27th May at 1700 with interviews happening week commencing 6th June
